

22nd May 2019

Dear Parents/Carers

Year 9 & Year 10 Computer Science Residential to Disneyland Paris 5th - 7th February 2020

We have an exciting opportunity to attend an educational tour of Disneyland Paris, which is arranged by Study Experiences. The tour provides an exclusive opportunity for students to discover how Computer Science is put into practice at this world famous leisure destination.

Flights to Paris will be from Leeds/Bradford airport (subject to availability), flight times will be confirmed once all deposits have been paid, students would be required to make their own way to and from the airport, accommodation will be at Disney's Hotel Cheyenne which includes an all you can eat buffet for breakfast and evening meals for the duration of the stay.

Students would need sufficient spending money to allow them to purchase lunch within the park on each day.

During their time at Disneyland Paris, students will attend two educational seminars and an interactive workshop and will work on a number of assignment projects directly related to their classroom studies. Built into this will be time for students to enjoy the park facilities.

The seminars and workshop will take key learning points from classroom studies and show how they are put into practice at Disneyland Paris. They have been created by one of the UK's leading education providers and involve Disney staff and managers, backstage video footage and practical information to help bring the curriculum to life.

Study Experiences is an assured member of the School Travel Forum. The School Travel Forum is a group of leading school tour operators who promote good practice and safety in school travel. The company is also a fully ABTA and ATOL bonded tour operator.

The cost of this trip is £495 per student (based on all students attending), with a non-refundable deposit of £150, for the Tour Operator, on parentpay being used to confirm your place and allow flight reservations to be made. The deadline for the deposit is 5th June 2019. A consent form with medical and emergency contact details will be sent closer to the time of the trip, for accuracy purposes.

Should you require a bar code letter to pay via Pay Point please call the school on 01757 706161.

A payment schedule will be set up on parentpay for the remaining payment of £345 which must be made and received by 1st November 2019.

Barlby High School
York Road, Barlby, Selby North Yorkshire YO8 5J
Tel: 01757 706161 Fax: 01757 213699
Email: admin@barlbyhigh.n-yorks.sch.uk

Students will need a valid UK passport and a European Health Insurance Card. I will be in touch once flights have been confirmed to inform you of the date for a meeting with Parents/Carers to discuss the details of the trip.

If your son/daughter is in receipt of Pupil Premium then Barlby High School may be able to support you financially. Please contact myself to discuss how we can help you to ensure your son/daughter attend this Computer Science residential. In addition, any parents who may struggle to afford this residential please can I ask that you contact the school so we are able to discuss a payment plan and any support needed.

As for all visits, it is important to mention that any student incurring four internal or external periods of exclusion between now and the date of departure will be removed from the trip and may risk losing any money already invested unless their place can be filled.

Many thanks in anticipation of your support. If you would like any further information or would like to discuss anything in more detail, please do not hesitate to contact me.

Yours sincerely

Mrs S E Osborne
Assistant Faculty Leader: Numeracy
Subject Lead Computer Science
