

Fully Funded Courses England

Your Introduction to The Skills Network

The Skills Network (TSN) is one of the UK's most successful distance learning providers, offering over 150 courses in 30 countries around the world. We upskill more than 40,000 learners in the UK alone each year, and we also work with over 5,000 organisations and 500 colleges and independent training provides to deliver training to students and employees.

Distance learning is a way of learning remotely without the need to attend any classes or have regular face to face contact with a Tutor. It allows learners to study at a place and time to suit them, meaning they can learn alongside other commitments such as work, family and hobbies.

Alongside our award winning e-learning platform EQUAL, we offer a wide range of services to individuals, organisations and colleges around the world. These services include fully funded courses in England and Scotland, full cost courses, Advanced Learner Loans, Apprenticeships, learning resources, Learner Management Systems (LMS), Curriculum-Led Financial Planning (CLFP) software, sub-contracting, and more.

Whether you are looking to gain new skills and knowledge in a subject, have staff you would like to upskill, or would like to find out more about any of our other services, we are here to help.

Fully Funded Courses with The Skills Network

Throughout the Covid-19 pandemic, most industry sectors have been hit hard. Many businesses around the country have been forced to change how they do things, close for extended periods of time, and in some cases, close permanently.

Despite restrictions easing and most businesses being able to move forward and rebuild, many people have changed industries and job roles due to being made redundant or growing concerns surrounding job security and uncertainty. Between January and June 2021, 5.8m job vacancies were advertised in England to combat staff shortage. However, demand for staff is still at an all-time high, with a 19% increase in job vacancies available during this time compared to the same period in 2020, causing a huge increase in the need to upskill and retrain across all sectors.

PRIMARK*

What is AEB?

The Adult Education Budget (AEB) is a government funded scheme which aims to engage people aged 19 or over in learning and provide them with skills and knowledge to help them to progress in their careers. This funding, worth up to £800 per person, per course, can be accessed through local training providers or colleges, and allows both individuals and businesses to upskill at no cost to them. At TSN we have partnered with colleges across England and Scotland, helping them to use their allocated AEB funding by providing people with remote distance learning opportunities.

For employers, the AEB is a great resource to improve the skills and knowledge of their workforce. If you would like to find out more about upskilling your staff, or would like to study a course yourself, just get in touch to get started. Alternatively, visit www.theskillsnetwork.com to apply directly through our website.

AEB Application Process

1. Search

Visit our website and browse our suite of over 45 fully funded courses.

3. Learn

Now for the best bit!
You have completed
the application process &
had your funding accepted,
it's now time to start
learning. Use your personal
curriculum plan to get the
most out of your learning
journey and enjoy!

2. Apply

Once you have chosen a course best suited to you, simply click "Apply Now" and complete the funding application form and short initial assessment. Once your application has been processed and a funding partner has been allocated, you will receive a text message asking if you would like to accept the funding partner. Just click "Yes" and you're ready to go!

4. Succeed

Gain a nationally recognised and accredited qualification and download your e-certificate.

What are People Saying?

I thoroughly enjoyed this course and have found it really useful in the months that have passed since completing it. The online system was user friendly and easy enough to navigate, and the information was engaging. What I really rated the most about this online course was the very detailed feedback from the tutors. Having done other online courses, I found the feedback with The Skills Network to be fantastic - positive, constructive and personalised. I would recommend to anybody and plan to complete more courses myself with The Skills Network!

K. Smith

Level 2 Certificate in Principles of Team Leading

We are so proud of all staff team members at The Landmark London, especially after the last 12 months. We are completely invested in our workforce, we want them to have the best experience whilst working with us and we wanted to give back to them to prepare for their return to work.

By partnering with The Skills Network, our employees are not only benefitting from gaining national qualifications but also have access to a topic that is so important to our business. They helped us identify our training needs and develop a framework that suits the business as a whole.

Nicola Forshaw

Director of Human Resources
The Landmark London
